BOLT EXPRESS Winner of the “Highest Revenue Growth Year-over-Year” 2009

Toledo, OH - Whoever says that lightning can't strike twice hasn't met Bolt Express. For Bolt Express, the “Bolt” has once again struck for the fourth time in the past five years making them one of the fastest growing transportation companies in North America. Bolt Express has received the top honor of being named the Sylectus “Highest Revenue Growth Year-Over-Year, large company category” for 2009 over 2008. Bolt Express was recognized in February at the 7th Annual Sylectus Conference held in Amelia Island, Florida. This award goes to the AlliancePro Company with the highest percentage increase in sales revenue between those 2 years.

Ben Bauman, President & CEO of Bolt Express, attributes this continued history of success to “maintaining an aggressive growth plan in a controlled and effective manner with a focus on strong customer service skills within the organization”. The award this year is exceptionally impressive as 2009 was marked as one of the worst economies since the Great Depression.

Bolt Express's forward and innovative thinking has steadily made them a consistent leader in the transportation industry. Growth in a very competitive market is a true sign of success and demonstrates their desire to always be willing to go the extra mile for their customers and be the best at what they do.

Bolt Express is an ISO 9001-2008 provider that promotes safety and services to its' employees and owner operators while providing customers with a one call solution for all modes of services on the ground or in the air.
